How many TIMES Can You BOUCNE a BUBBLE!!

Introduction!!!

First of all, Some of you might think that you CAN'T make a bubble. But it is really possible and I will explain how.

What we used:

- Cups
- Dishwashing Liquid (one we used was Fairy)
- Bubble wand
- Woolly gloves/ Socks
- Measuring cup
- water
- Glycerine (optional)

Soap diagram

B = Bounces
Key

Our Scores of our Mixture	
Fairy Platinum Chicken	22 B
Fast washing up liquid	2 B

How To make the Mixture!!

First you will get your equipment's (Look for it!) Then get your cup and pour Dishwashing Liquid over four times in your cup, and stir. Then Test the Bubble mixture with your Bubble wand, and see if you can bounce the bubble with your Woolly gloves/Socks.

Then do the Same, by pouring water and Glycerine this time.

HAVE FUN!

Bubble Chart 1.10

If you done Making your bubble Mixture, Try blowing the bubbles, put on some woolly gloves/socks on your hands, and bounce the bubbles. After bouncing the bubbles, feel free to make a chart of how many times you bounced your first bubble. Or try to beat your high score by bouncing a bubble.
