Delay in the lifting of Restrictions

Whilst it is disappointing that the COVID-19 restrictions will not be lifted on 21st June as planned, we must appreciate that with the rates of infections rising, it is done to protect us all. With that in mind, I'd like to remind everyone to adhere to the routines and procedures we have in place to keep us all safe.

We have had to send a number of children (and siblings) home today due to continuous coughs and high temperatures. Please, if your child is displaying **any** of the COVID -19 symptoms, they (and siblings) **MUST NOT** attend school and should remain at home until a negative PCR result is received. Thank you.

Science Jamboree

Last week, we celebrated science by taking part in the Pfizer Science Jamboree! This year has been great as it was virtual and could be accessed by all the classes (usually it's just our Year 6's that get to take part). We did lots of investigations into bubbles and made our own bubble mixture that we used to bounce bubbles – our top score was 36 bounces from Ethan (Y4)!

The website we used is accessible until the end of June in case anyone would like to take a look and try some investigations at home: thestemhub.org.uk and click on the link titled 'Visit the Science Jamboree'. Great investigating everyone – it was a really fun week!

Class Photos on Monday

Don't forget Tempest Photographers will be in school on Monday to take our Class Photos. If your child's class is doing PE or is in Forest School on Monday, please send your child/dren to school in their uniform ready for the photo and with their change of clothes and shoes in a bag, to change into afterwards. Thank you.
