Hamid Story

Hamid like Pomegranate, he was with his
friends. There was his father, mother, sisters and
his cat in his family and their country is
Kurdistan.

He came to England with his father and mother,
his sister Patti away and so his cat.

After this time, Hamid story book was published
everywhere.

Year 5 and 6 - we walked to train station and then
to cinema, then we realized that Hamid story
was true.

Hamid's friends went to find his mom and dad,
therefore they went to the castle and told the
guard that they want to see the queen. The guard
refused and told them that the queen is not here.
Hamid's friends were very sad and told again to the
guard we must see the queen.

When first Hamid wanted to come to England, there
was war in Kurdistan and Hamid's family decided
to go out of here, they worked long distance and
then came with boat and Police shoted at them
and told them to go back home, Hamid said,
Please let me go, then Police accepted, the
next day, there was Hamid's friend birthday,
he gave a gift to his friend  . This was
the gift.

Hamid's friend mom and dad asked, what does it
mean?

This Teacher answered; this letter means that -
Hamid's Parent been found, Hamid said to his friend
It's all because of your efforts for finding my parents.
They hugged each other.
