COVID -19 Update

As you may be aware the number of positive COVID cases in school is on the rise in local schools. I would just like to remind you of the currently guidelines. If your child is displaying any of the recognised COVID symptoms, then please keep them at home and do a PCR test. If positive, they will need to isolate for 10 days. Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:

- they are fully vaccinated
- they are below the age of 18 years and 6 months
- they have taken part in or are currently part of an approved COVID-19 vaccine trial
- they are not able to get vaccinated for medical reasons

Therefore pupils who may have been in contact with someone who was positive, do not need to self-isolate and therefore they should be in school unless they are showing symptoms.

Colds! Whilst cold symptoms are not on the official list, it is recognised that many of them are often an indicator in children, so we are asking families to be cautious.

Obviously, respiratory and hand hygiene is vital in preventing the spread of any virus, so please remind your children how important this is.

Thank you once again for your continued cooperation in difficult times.

Best wishes
Mrs Day
