New Family Support Service

What is it?

Includes us 2 has launched a new support service, aimed at providing families of children with a disability or SEN with information, support and sign posting that is relevant to their needs. The service is free to access and covers Ashford, Shepway and Dover.

How can the Family Support Service help you?

Our two part-time Family Support Officers can provide general support about issues families who have a child with a disability or SEN may experience, information about disability services, practical workshops and signposting to other specialist services.

Support will be provided by phone, email, social media and at regular Parent/Carer groups.

We are unable to provide home visits, but 1:1 appointments will be available at the end of each Support group (Please contact Nicola or Hayley to book an appointment)

We will regularly provide updates on our Facebook page www.facebook.com/IncludesUs2

Or contact:

Hayley: 07720 602640 (Monday -Wednesday)

Nicola: 07525589321 (Wednesday -Friday)

Email: familysupport@includesus2.org.uk

This project is supported by funding from The Loveday Grassroots Family Fund, The Lawson Endowment Fund for Kent and Kent Community Foundation
