# Great Mexler!

## A Miricle has been Casted!

In City Mexler trees have started to grow. After it had been seen, City dwellers starting planting there selfs!

We've gone to City Mexler and people are shouting "Dull to bright!" "Dull to bright!"

The trees seen in the City Mexler are trees, followed by flowers and bushes and lovely smells from the lavender.

Your probably wondering who is the person who started planting? Well we interviewed some city dwellers to find out more.

"Do you like what the city is now then when it was ugly? Asked one reporter. I liked stealing but now everyone's happy

and I've got friends so I prefer the change." Explained the 18 year old man.

## Interviews

We asked a 3 year old girl how it changed her life and she told us this: "We go out more places with mummy and daddy and they read to me at bedtime and cuddle and kiss me." She replied. And when we asked her brother he said exactly the same

We asked an 93 year old man the same and he said this: "I'm happy to be spending my last couple of years knowing that people are happy and that my grave won't be robbed."

Then we asked a young lady, who started the planting and she said this: "I saw a girl and she looked about 12 years old but after she had planted alot she Vanis!"
