**Safer Internet Day
11th February 2020**

Whilst being safe online is an integral part of our curriculum we will be marking the National Safer Internet Day on 11th February.

The aim of the day to inspire a national conversation about using technology responsibly, respectfully, critically and creatively.

The day offers the opportunity to highlight positive uses of technology and to explore the role we all play in helping to create a better and safer online community. It calls upon young people, parents, carers, teachers, social workers, law enforcement, companies, policymakers, and wider, to join together in helping to create a better internet.
