

## GUSTON CHURCH OF ENGLAND PRIMARY SCHOOL

### **COVID-19 – Remote Learning - Online Safeguarding**

**18<sup>th</sup> March 2020**

Keeping your children safe whilst at school is a fundamental part of what we do and this includes when they are online. We teach all pupils how to stay safe online but also have robust filters and privacy settings to ensure they are not exposed to inappropriate content whilst in school.

We felt in preparation for remote learning, we wanted to give you time to ensure you had the necessary protective factors in place to ensure this continues for them when at home. I'm sure you have already considered this but in case you haven't there is lots of advice on our website under the 'Safeguarding' banner. Please feel free to explore. I have screen shot the menu thread to ensure you can find the correct page.

Thanks

Mrs Day and the Guston Team
